Time Matrix Web Time Clock

for Microsoft Dynamics GP Payroll

Time Matrix from Business Computers offers you the Web Time Clock

View the Web Time Clock at www.Time-Matrix.com

The **Web Time Clock** enables employees to Clock In and Clock Out over the Internet using a web browser. The **Web Time Clock** is an optional add-on to Time Matrix, our full-featured time system completely integrated to Microsoft Dynamics GP Payroll. The **Web Time Clock** is used to clock in employees at the beginning of their shift and to clock them out at the end of their shift.

➤ **VERSATILE**

✓ You can use on any computer with a browser

➤ **COST EFFECTIVE**

✓ Save \$ by not paying for Terminal Services

➤ **CONVENIENT**

✓ You can use at the office, off-site, home, travel, job-site

➤ **EFFICIENT**

✓ IT does not need to spend time loading on each computer

➤ **SIMPLE**

✓ Employees can mix and match daily clocking in and clocking out using either the web browser or Desktop Time Clock

Technical Information:

- The **Web Time Clock** is developed with .NET, Visual Studio, C#, and Java
- The **Web Time Clock** works with either Microsoft Dynamics GP version 9.0 or 10.0
- The **Web Time Clock** works with either Microsoft SQL Server 2005 or SQL Server 2008
- The **Web Time Clock** works with Microsoft Internet Information Server 7 (IIS7)

Contact Business Computers Software, Inc. to discover how the **Web Time Clock** can work for you!
